- Identify the **Destination of the particular campaign** (see #4) that is being promoted. Site links are where you will find the event or site to promote. Direct links are used when you are promoting a specific program.
- Copy the **link affiliated** to that campaign.

5b. When you click on the **“multipage”** button on the right of the campaign, you’ll be copying the specific link that tracks you as the affiliate.

The **link should look** like this: <https://transactions.sendowl.com/stores/1234/67890>

Where the “1234” are numbers related to the campaign and “67890” to your own affiliate link.
